Informed Consent

I have reviewed the Bay Area Christian Counseling Client Information Packet, which Includes information regarding access, fees, Patient Rights and Responsibilities and Privacy Practices. I accept those policies and practices. I understand I may request a copy of these notices if I wish to keep them for my personal records.

Behavior health treatment offers no guarantees. Yet, by working with my therapist, doctor and/or counselor, I will get the support necessary to manage the concerns I bring to Bay Area Christian Counseling. I recognize I will need to try new ways of dealing with these issues. Together with my therapist, doctor, and/or counselor, I may be asked to develop practices, tasks and/or exercises I will complete outside of therapy that will complement and enhance the effectiveness of treatment. My openness and willingness to engage in these activities may well have a direct impact on the efficacy of the therapy process.

I agree to fully collaborate with my therapist, doctor, and/or counselor. I agree to ask any questions I have, to clarify my therapeutic goals, and how therapy is addressing them.

I understand therapy may not continue to be necessary when the concerns I initially had are resolved. I also understand I can terminate my therapy at any time I wish. I may also ask to transfer to another therapist, doctor, and/or counselor if I feel that my current therapy has been ineffective. I agree to notify my therapist, doctor, and/or counselor of my interest in transferring or intent to end therapy and to schedule a transitional session to discuss the reasons for my decision and the possible risks of premature termination of therapy with that treating clinician prior to transferring or terminating therapy.

I also understand my therapist, doctor and/or counselor may end my treatment if we do not make progress, or if our relationship becomes too strained to continue working together. If treatment is to be terminated, upon request, my therapist, doctor, and/or counselor will make suggestions to guide me in finding another provider of my choice. I will make every effort to follow these suggestions.

CREDIT CARD ON FILE POLICY

Bay Area Christian Counseling has updated our billing practice regarding receiving patient payments. Effective 1/15/20, we will require a credit card, debit card, or HSA/FSA card to be on file with our office OR a deposit be made on your account to cover client responsibility of payments at each appointment. A \$100 minimum is required on all visits. If you keep your FSA/HSA card on file, however, since FSA/HSA funds are limited, we may require an additional card to be kept on file should the funds in your HSA account become insufficient or you owe late cancelation or missed fees.

With the changing environment in healthcare, more responsibility of payment is being placed on the client. We need to be sure client balances are paid in a timely manner. To do this, we need to ensure we have a guarantee of payment on file in our office.

This policy applies to all clients. We have wonderful clients and we know most of you pay your balances. Unfortunately, this is not always the case.

Client responsible payments such as cash pays, copays and co-insurances are due at the time of service. You will be expected to pay for your services until your deductible is met. If you have a very large deductible, called a high-deductible insurance plan, you may have to pay out of pocket for most of your sessions. This will be determined on your individual insurance plan and shown on your Explanation of Benefits (EOB).

When we receive the EOB from your insurance company, it will be posted to your account. We will **email** you a statement five business days prior to charging your card if your patient responsibility is higher than the originally collected amount or you will have a credit on your account if your patient responsibility is lower than the originally collected amount. Late cancels or missed fees will be charged within the week of the late cancel/missed appointment. Please refer to the Missed and Late Cancelation Policy.

Frequently Asked Questions

What is a Deductible and How Does It Affect Me? An annual deductible is the dollar amount you must pay out of pocket during the year for medical expenses before your insurance coverage begins to pay. For example, if your policy has a \$2,000 deductible, you must pay the first \$2,000 of medical expenses before the insurance company begins to pay for any services. This works just like the deductible for your car insurance or homeowner's insurance policy does. Deductibles begin at the start of your plan year. Some plans also have co-insurance and copays which are the client's responsibility.

How will I know when my deductible has been met? You can call your insurance company at any time to check on how much of your deductible has been met and some insurance companies have this information available online. Every time you receive services, you should receive notification from your insurance company (either by mail or online) by way of an EOB. This will show if the amount went to your deductible or coinsurance, and what you are responsible to pay.

But wait, I'm nervous about leaving you my credit card. We do not store your sensitive credit card information in our office. We store it on a secure website called a gateway. The gateway we use is a secure clearinghouse that meets the industry standards set forth from the Payment Card Industry Data Security Standard (PCI-DSS) and is certified at the highest level attainable.

Once we enter your information through this gateway, your information is securely encrypted and we do not have access to view or edit the information. This gateway is only used to process your payment. We will email you a receipt once payment is processed.

What is PCI-DSS? Payment Card Industry (PCI) Security Standards Council offers robust and comprehensive standards to enhance payment card data security and reduce exposure to credit card fraud. PCI Data Security Standard (DSS) provides an actionable framework for developing a robust payment card data security process, including prevention, detection, and appropriate reaction to security incidents.

When do I give you my credit card? We prefer for you to fill out the Payment Policy Authorization Form and at your first appointment you will give us your credit card in person. We will input your credit card to a secure system that will upload your credit card number into the gateway and return the card to you. After input we only see the last four digits of your credit card. You can deliver your credit card information over the phone or by mail, but the most secure way is in person.

What if I need to dispute my bill? We will always work with you to understand if there has been a mistake. We will refund your credit card if we or if your insurance company has made a billing error. We will only charge the amount that we are instructed to by your insurance carrier, in the EOB they send to us, in the same way we normally determine how much to send you a bill for in the mail.

TERMS OF CREDIT CARD ON FILE:

Your credit card information is not kept on file in this office. It is kept securely offsite by our Payment Gateway and our office does not have access to the full credit card number once it is entered into our system.

Be assured this payment method in no way will compromise your ability to dispute a charge or question your insurance company's determination of payment. If you have any questions about this payment method, do not hesitate to ask.

- I understand I must keep this card information current in this office. Cards denying could incur additional fees.
- I understand once my insurance has paid their portion for the counseling session, we received at Bay Area Christian Counseling, the remaining balance is my responsibility as shown on my EOB from my insurance company.
- I understand Bay Area Christian Counseling will charge my payment card on file for the balance due once the EOB is received or if we incur a late cancel or missed appointment fee.
- If I have more than one type of payment card on file Bay Area Christian Counseling will process my Health Savings card before charging my credit card for the remaining balance.
- If I am self-pay my payment card will be charged at the time of service.
- If the payment card is declined for any reason an additional fee of \$35.00 will be applied to my account (same as a bad check fee).
- If your HSA card is declined, you will receive an email and be given the opportunity to give us another card to use.
- If the amount billed to my credit / debit /FSA/ HSA card will be over \$100 you will receive a courtesy notification prior to it being charged.

What if I have more questions? Our staff is happy to speak with you about your account at any time.

Payment Policy

Bay Area Christian Counseling has revised its billing policy in order to deliver a more convenient and consistent payment experience to our clients. Effective 1/15/20, we will require a credit card, debit card, or HSA/FSA card to be on file with our office OR a deposit be made on your account to cover client responsibility of payments at each appointment. A \$100 minimum deposit is required on all visits. If you keep your HSA/FSA card on file, however, since HSA/FSA funds are limited, we may require an additional card to be kept on file should the funds in your HSA/FSA account become insufficient or you owe late cancelation or missed fees. If you have questions regarding our new policy, please refer to the documents in this packet or go to our website to review the Credit Card on File Policy.

With the changing environment in healthcare, more responsibility of payment is being placed on the client. We need to be sure client balances are paid in a timely manner. To do this, we need to ensure we have a guarantee of payment on file in our office.

To be fair, the policy applies to all clients. We have wonderful clients and we know most of you pay your balances. Unfortunately, this is not always the case.

Client responsible payments such as cash pays, copays and co-insurances are due at the time of service. We will charge your card the amount your insurance company determines is your responsibility if there is a difference from the payment made at the time of service or for any missed or late cancel fees you incur. Please refer to the Missed and Late Cancelation Policy.
